

Neil Fleming

Artist Statement

Late starter into the art world with no history of any other qualifications than a long standing love of drawing, sketching and painting dating since childhood. Since retirement has had some formal instruction purely at workshops with Tony Smibert in Tasmania and Steve Hederics locally in Sunraysia but remains an amateur and will enjoy to stay that way. *'What I produce is what I enjoy and if others find it so then I am happy to share it with them.'*
